Sung to the tune of
“Happy Days Are Here Again”

Happy days will be here again,
When Joe Biden is our President,
“Take back our future, now”™ is his tenet,
Happy days will be here again!

Altogether, shout it loud,
President Biden will make us proud,
He will keep us safe, strong and unbowed,
Happy days will be here again!

Happy days will be here again,
When Joe Biden is our President,
And Kamala Harris is Vice President,
Instead of shouting there will be
laughter, joy and merriment,
Happy days will be here again!
